Properties

Our Easy Method Your Chance!

Location and Price are Strong Factors in the selection of Property, and our experience and judgment prompts us to believe **WE HAVE BOTH.**

Don't let this opportunity get away. Don't let others profit by it. As an investment, Battery Court property is unsurpassed.

Sewerage, Sidewalks, Shade Trees, Water, Good Elevation, Pure Air, Stores, Churches, Homes, Fine Surroundings, Wide Streets, Best of Trolley Service, and only 8 minutes from 1st and Broad Streets. Can you have all this where you live now? A Natural Park with all city conveniences and all the country pleasures.

The most attractive Suburban Residential Section in the market. Nothing better ever sold on monthly payments. Don't neglect this opportunity to buy. A little money invested in Battery Court lots will bring big profits in the near future. No interest; no assessments.

Every Lot a Bargain

These lots are offered now at low prices and on very easy terms of payment. They are bargains now, and are being rapidly taken by Richmonders. Here you can have a pleasant, healthy home, away from the dirt, noise and bustle of the city. Be independent and save money. If you will investigate you will be convinced that this is the place to buy homesites, either for present or future use or rapid rise in values.

A chance of a lifetime! Opportunity is

knocking at your door; act at once and enjoy the benefit of this offer.

Poor Rent Payers

You need some one to sympathize with you, going on in the same old rut year after year, paying your hard-earned money to the landlord, when you should be paying on your own Home, Sweet Home. Some of you haven't the ambition or inclination to own a home of your own. We don't want to waste our valuable time with that class; but to those wishing to start the foundation for a "cozy corner" we wish to say, "Come and see this property." The sight of a fine location like this will make you feel better, and to buy, build and live here—well, your troubles will be over.

This is no fairy tale, but cold facts; and if you haven't seen this property come at once. It will prove time well spent.

If Your Hands and Feet Are Tied

get some friend to cut the rope. If you can't pay all cash pay on the easy monthly payment plan, and you will be surprised how quickly the lots are paid for. Think this over seriously, act wisely, and remember nine times out of ten your judgment is as good as the other fellow's.

"He who hesitates is lost," and he who waits for the morrow loses many a good chance.

Homeseekers and Investors

To make money you must do something with what you save. Don't think we are going to tell you some miraculous way of getting rich quickly; but we will show you what can be done with a few dollars each month if you can see where your best interest lies, and wish to buy land where it is bound to double in value soon. The man who thinks and acts will reap that benefit here. Are you one of this kind? If so, act at once; don't delay.

Battery Court

offers a splendid opportunity for investment in a profitable and fast-growing suburb, where the natural increase must make you a handsome profit. This is not a speculation; on the contrary, it is one of the best Real Estate propositions ever placed before the public.

Do Not Be Deceived

Don't take any one's word relative to this property. See it for yourself. There are always a number of people who stand ready to advise their friends and their friends' friends about investing money, and they themselves haven't a dollar invested in anything but rent receipts. Is this the advice you are looking for? Do you think one of that kind could do you justice in advising you where to live? Would you let him select your home plans? A man who has never owned a foot of "mother earth" couldn't advise us as to the location of a doghouse; could he advise you? Come to-day and see these glorious homesites.
